Kindred EV Bus Tailgate Edition

A cultural icon, reborn. Electric, expressive,
and endlessly inviting.

The Kindred EV Bus reimagines the classic Volkswagen Type 2 as a modern electric vehicle with timeless character and everyday usability. Preserving its iconic silhouette and spirit, each build blends vintage charm with contemporary EV power, safety, and comfort. Designed to be driven, enjoyed, and trusted every day.

Final pricing may vary based on customization, finishes, and optional equipment.

UPGRADES

+ Ceramic Window Tint: \$2,500

FREQUENTLY ASKED QUESTIONS

Is this an original VW Bus or a reproduction? The Kindred EV Bus is a reproduction based on the 1950-1963 Volkswagen Type 2, T1 Split Window Bus. Kindred EV Bus uses non-23 window donor buses converted to the Deluxe 23 window version.

What is the range of the EV Bronco? Up to 200 miles range (pending testing).

Can I customize my VW? Yes. Exterior colors, interior materials, wheels, tops, and accessories can be tailored to your preferences.

Is the vehicle suitable for daily driving? Yes. Modern drivetrain, braking, steering, and comfort upgrades make it reliable and easy to drive.

What warranty is included? A one-year limited warranty covers key mechanical and electrical components.

How long does the build process take? Build timelines vary by configuration and demand. Please contact Kindred Motorworks for current lead times.
